**B. Purpose of the Program:**

- To meet the housing needs of very low, low and moderate-income households;
- To expand production of and preserve affordable housing; and
- To further the housing element of the local government comprehensive plan specific to affordable housing.

**C. Fiscal Years Covered by the Plan: 2025-2026, 2026-2027, 2027-2028**

**D. Governance:** The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

**E. Local Housing Partnership:** The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

**F. Leveraging:** The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

**G. Public Input:** The City of Tallahassee recognizes the importance of a robust, comprehensive, and effective citizen participation and stakeholder consultation process. The community insights and ideals gained from this outreach are invaluable resources to the development of an appropriate, comprehensive, and meaningful strategy set forth in this plan. During the LHAP planning process, the City of Tallahassee reached out to various stakeholders to collect substantive feedback and input.

The City solicited public feedback through newspapers and the City’s webpage. This outreach was conducted to ensure inclusion of all residents of the region, target areas, beneficiaries of federal and state resources awarded through the public awards process, and public and private agencies operating in the region. The City held 2 public meetings and on March 26, 2025, a public hearing seeking input on the development of the LHAP. The City’s Affordable Housing Advisory Committee (AHAC) approved the draft plan at their meeting on March 24, 2025. After conditional submission and tentative approval by Florida Housing Finance Corporation, the City held a final public hearing after a 30-day public comment period on the final LHAP on June 11, 2025, at which the City Commission adopted the Plan. Notices of public comment were posted on the City’s home website and social media pages.

- H. **Advertising and Outreach:** The City will advertise the availability of SHIP funding at least 30 days before the beginning of the application period. Advertising shall be through a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, and on the City’s webpage at [www.talgov.com](http://www.talgov.com). If no funding is available due to a waiting list, no notice of funding availability is required and will not be posted.
- I. **Waiting List/Priorities:** A waiting list will be established when there are eligible applicants for strategies that no longer have funding available, or where number of applications received exceed the funding amount available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time completed applications were submitted as well as any established funding priorities as described in this plan.

The following priorities for funding (very low income, Special Needs, etc.) described/listed here apply to all strategies unless otherwise stated in an individual strategy in Section II:

Applicants will be ranked for assistance based on a first-qualified, first-served basis with priorities for Special Needs meeting the definition in s. 420.0004(13), F.S. and then income groups.

- J. **Discrimination:** In accordance with the provisions of ss.760.20-760.37, F.S., it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing. The City strictly forbids and will not tolerate discrimination or harassment against any employee, vendor, volunteer, independent contractor, or recipient of or participant in City services, on the basis of an individual’s race, color, gender, religion, national origin, age, disability, marital status, pregnancy, sexual orientation, gender identity or expression, genetic information, or any other characteristic protected by law.
- K. **Support Services and Counseling:** Support services are available from various sources. Available support services may include but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Foreclosure Counseling, and Transportation.
- L. **Purchase Price Limits:** The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the average area purchase price established by the U.S. Treasury Department or as described above.

The methodology used is:

|                          |   |
|--------------------------|---|
| U.S. Treasury Department | X |
| Local HFA Numbers        |   |

- M. **Income Limits, Rent Limits and Affordability:** The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at [www.floridahousing.org](http://www.floridahousing.org).

*“Affordable” means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the*

households as indicated in Section 420.9071, F.S. However, it is not the intent to limit an individual household's ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

- N. **Welfare Transition Program:** Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.
- O. **Monitoring and First Right of Refusal:** In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.
- P. **Administrative Budget:** A line-item budget is attached as Exhibit A. The City finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.

**Section 420.9075, Florida Statutes and Chapter 67-37, Florida Administrative Code, states:** "A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan."

**Section 420.9075, Florida Statutes and Chapter 67-37, Florida Administrative Code, further states:** "The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs." The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

- Q. **Program Administration:** Administration of the local housing assistance plan will be performed by:

| Entity                           | Duties  | Admin. Fee Percentage |
|----------------------------------|---|-----------------------|
| Local Government                 | All administrative duties.                                    | 9.5%                  |
| Third Party Entity/Sub-recipient | Income qualification, consultation, and case file management. | 0.5%                  |

- R. First-time Homebuyer Definition:** For any strategies designed for first-time homebuyers, the following definition will apply: *An individual who has had no ownership in a principal residence during the 3-year period ending on the date of purchase of the property. This includes a spouse (if either meets the above test, they are considered first-time homebuyers). A single parent who has only owned a home with a former spouse while married. An individual who is a displaced homemaker and has only owned with a spouse. An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations. An individual who has only owned a property that was not in compliance with state, local or model building codes and which cannot be brought into compliance for less than the cost of constructing a permanent structure.*
- S. Project Delivery Costs:** N/A
- T. Essential Service Personnel Definition (ESP):** The City of Tallahassee defines essential services personnel as any individual employed in the city or county government, childcare and education system, medical and health services, public safety, or skilled building trades.
- U. Describe Efforts to Incorporate Green Building and Energy Saving Products and Processes:** The City is committed to the production of energy efficient housing for long term affordability and will monitor compliance with Chapter 11 of the 2007 Florida Building Code for Residential development regarding Energy Efficiency. The City and all contracted agencies shall adhere to all energy requirements of HUD and the State of Florida Energy Efficiency Code for Building Construction. To the maximum extent possible, the City and all contracted agencies shall require the incorporation of energy efficiency features, such as building layout and Energy Star rated appliances into rehabilitation or construction projects. When possible, activities will attempt to take advantage of the Tallahassee Utility rebates for natural gas water heaters, ovens, and clothes dryers; ceiling insulation; Energy Star rated appliances; and solar water heaters. The City will encourage Deconstruction and Recycling (D & R) as an alternative technique to new construction. In addition, the City will encourage green landscaping design features such as native plant landscaping to conserve water; pervious parking surfaces; use of natural gas where available; orientation of buildings to reduce energy demand; and bicycle, pedestrian, and bus amenities to encourage alternatives to automobile transportation. The City will also encourage housing developers to reduce on-site impact on natural resources and preserve patriarch trees (36" diameter).
- V. Describe Efforts to Meet the 20% Special Needs Set-Aside:** The goals will be met through the owner-occupied rehabilitation and essential repair strategies. Those with documented special needs meeting the statutory definition will be prioritized until the total amount of the special needs set-aside for all programs has been met.
- W. Describe Efforts to Reduce Homelessness:** The City partners with the Big Bend Continuum of Care and supporting agencies serving the homeless populations primarily through prevention, street outreach, coordinated entry/exit, emergency shelter operations, and rental assistance to place eligible individuals or families in stable housing. The City contributes to addressing needs to prevent and end homelessness through setting priorities for funding and braiding federal funding with local dollars to conduct activities to prevent and end homelessness in Tallahassee. The Big Bend CoC measures success of their interventions in the housing crisis response system through HUD-identified performance measures and overarching objectives

that are actions to reduce homelessness. However, the City's contribution to the increase of housing units, funding for services, and prevention efforts improves the community's ability to address homelessness among all populations and those with special needs appropriately.

The program is designed to preserve the City's housing stock, reduce the number of vacant, boarded-up, and blighted properties, and provide an additional resource for the provision of infill affordable housing. Funds will benefit eligible recipients in the form of Down Payment Assistance.

b. Fiscal Years Covered: 2025-2026, 2026-2027, 2027-2028

c. Income Categories to Be Served: Extremely Low, Very Low, Low and Moderate

d. Maximum Award: \$225,000 (Sponsor), \$50,000 (Homebuyer/Recipient)

e. Terms:

1. Repayment Loan/Deferred Loan/Grant:

- i. Developer/Sponsor: Deferred subordinate loan secured by a recorded second mortgage and note.
- ii. Homebuyer/Recipient: Deferred subordinate loan secured by a recorded second mortgage and note.

2. Interest Rate:

- i. Developer/Sponsor: half (1/2) prime rate
- ii. Homebuyer/Recipient: 0%

3. Years in Loan Term:

- i. Developer/Sponsor: Eighteen (18) months from loan origination date or six (6) months following the issuance of Certificate of Occupancy, whichever comes first.
- ii. Homebuyer/Recipient: 15 years

4. Forgiveness:

- i. Developer/Sponsor: N/A
- ii. Homebuyer/Recipient: Forgivable after fifteen (15) years.

5. Repayment:

- i. Developer/Sponsor: Loan amount plus interest, if any, due upon sale of the unit to an income eligible buyer, or eighteen (18) months from loan origination date, or six (6) months following the issuance of Certificate of Occupancy, whichever comes first.
- ii. Homebuyer/Recipient: No repayment required as long as the loan is in good standing.

6. Default:

- i. Developer/Sponsor: If a unit is not sold to an eligible household within eighteen (18) months, the borrowing agency shall be required to pay back the amount of the loan in full. In the event the

sponsor ceases to use the property for housing eligible households, or if the sponsor offers the property for sale prior to the end of the term of the loan, the agency must give a right of first refusal for purchase at the current market value to the City or an eligible nonprofit for continued occupancy by eligible persons. If the unit is foreclosed on by a superior mortgage holder, the City will make an effort to recapture funds through the legal process if it is determined that adequate funds may be available after satisfaction of all superior mortgages.

- ii. Homebuyer/Recipient: The loan will be determined to be in default if any of the following occurs during the loan term: sale, transfer, or conveyance of property; conversion to a rental property; loss of homestead exemption status; failure to occupy the home as a primary residence; the property is no longer occupied by the program beneficiary; or the property is refinanced for other purposes except lowering of interest rate or term. If any of these occur during the affordability period, the loan will be due and payable in full. In cases where the qualifying homeowner(s) die(s) during the loan term, the loan may be assumed by an heir and who will occupy the home as a primary residence. If the legal heir is not SHIP eligible or chooses not to occupy the home, the outstanding balance of the loan will be due and payable. If the home is foreclosed on by a superior mortgage holder, the City will make an effort to recapture funds through the legal process if it is determined that adequate funds may be available to justify pursuing a repayment.

f. Recipient/Tenant Selection Criteria:

Applications for assistance under this program will be reviewed and approved on a first-qualified, first-served basis. The Recipient must be able to obtain first mortgage financing and meet all eligibility criteria.

g. Sponsor Selection Criteria:

Applications from potential sponsors will be reviewed on an ongoing basis. Non-profit sponsors used to implement this program must have received a tax-exempt ruling as a non-profit agency from the IRS under Section 501(c) of the Internal Revenue Code. 5. Agreement to select recipients of funding on the basis of compliance with all eligibility requirements imposed by the program; and

h. Additional Information:

1. To the maximum extent possible, the City and all contracted entities shall require the incorporation of energy efficiency features and green building and design techniques into rehabilitation or construction projects for sustainability and affordability.

2. The half-prime interest rate is determined by calculating half of the prime rate as published by the Wall Street Journal at <https://www.bankrate.com/rates/interest-rates/wall-street-prime-rate/> on the date the loan application is approved.
3. See the Housing Division Policy and Procedures manual for more specific information on this strategy.

### Section III. Incentive Strategies

In addition to the **required Incentive Strategy A and Strategy B**, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

A. Name of the Strategy: **Expedited Permitting**

Permits as specified in s. 163.3177(6)(f)3., F.S., for affordable housing projects are expedited to a greater degree than other projects.

The City Commission has directed that certified affordable housing projects will be given priority status in the land use/growth management process (City Commission Policy 710.03). The Growth Management Department will give priority to certified affordable housing projects in the processing of applications for Limited Partition subdivisions; Type A site plans; and all certificates, permits and approvals issued by Growth Management.

B. Name of the Strategy: **Ongoing Review Process**

An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

Housing Policies 2.1.5 and 2.1.6 in the Housing Element of the City's Comprehensive Plan requires local government to perform a fiscal impact analysis of any proposed policies, programs, ordinances, regulations, or plan provisions that might have an impact on affordable housing development costs or housing preservation. The analyses must be completed prior to submission to the City Commission for review and subsequent action. A statement showing the potential fiscal impact each proposed item may have on future development or preservation of affordable housing shall also be submitted to the Commission for consideration.

C. Name of the Strategy: **Technical Assistance**

Staff members from various city departments are available to consult, on an informal basis, on project feasibility at the outset of project planning.

An interdepartmental team of City staff will be available to certify a project as affordable and/or to consult on an informal basis with applicants for potential affordable housing projects regarding the feasibility of the project and issues of land use approvals, permitting and utility service (City Commission Policy 710.03).

D. Name of Strategy: **Growth Management Fee Waivers**

Application fees shall be waived for various reviews and planning purposes.

Affordable housing projects will have the application fees waived for the following: (1) Subdivision; (2) Site plan; (3) Natural features inventory; (4) Environmental impact analysis; (5) Environmental management permit; and (6) Parking standards review. Affordable housing developments shall also be exempt from Transportation Concurrency requirements. For projects with a mix of uses or that include market rate residential units, the site plan or subdivision fee waiver shall be for the portion of the fee

attributed to the affordable units within the project.

E. Name of Strategy: **Water and Sewer Connection Fee Exemption**

Affordable housing units receive water and sewer connection fee exemptions.

City Code of Ordinances Chapter 21, Article V. Section 21-152 exempts developers from water and sewer systems charges, and residential tap fees for certified affordable housing developments.

F. Name of Strategy: **Density Bonus**

Housing developers that commit to sell or rent homes to households earning less than 80% AMI or participate in the City's Inclusionary Housing program are eligible to construct the units at densities greater than those provided in the respective classifications of land use contained within the Land Use Element of the City's Comprehensive Plan.

Developers who agree to build affordable housing units may receive an increase to the density of the development up to 25% provided that there are no negative environmental impacts or other negative consequences (Land Use Element 2.1.14, Tallahassee-Leon County Comprehensive Plan).

G. Name of Strategy: **Regulation Reduction**

As an incentive to build affordable housing developments to maximum allowable density, regulation reductions are provided for any affordable or inclusionary housing units constructed.

Housing developers that commit to sell or rent homes to households earning less than 80% AMI or participate in the City's Inclusionary Housing program may receive reductions in urban forest and landscape requirements (Land Use Element 2.1.14, Tallahassee-Leon County Comprehensive Plan).

H. Name of Strategy: **Site Design Flexibility**

Site design flexibility shall be offered to developers of affordable housing units.

Affordable housing projects will be offered certain site design flexibility to maximize development design such as reduction of required setbacks, reduction of lot dimensions and size, and alternative buffers.

I. Name of Strategy: **Allowance of Accessory Dwelling Units (ADU) in Residential Districts**

The City allows attached and detached accessory dwelling units in residential zoning districts.

Attached accessory dwelling units and detached garage dwelling unit conversions are allowed on all single-family residential parcels based on Land Development Regulation Chapter 10 Zoning, Article VII Supplementary Regulations, Section 10-412.
